This permit is issued under OAR 918-309-0400. The applicant agrees to make only restricted energy installations (100 volt amps or less) under this permit and to do the following:

1. Only use electrical licensed persons to do installations where required. (Certain residential and other transactions are exempt from licensing Please refer to the notes at the bottom of Section 4.)
 2. Call for an inspection when all of the installations under this permit are ready for inspection.
 3. Purchase separate permits for all installations that are not ready for inspection when inspector is out to inspect under this permit.
 4. Assume responsibility for assuring that all corrections required by the inspector are done, and
 5. Assume responsibility for calling for a final inspection when all of the corrections are completed.
- The person signing this permit must be the applicant or a person authorized to bind the applicant.

Signature of Applicant or Authority (if other than applicant)
